Outdoor Survival 100 Skills You Need In Order To Survive Alone In The Wilderness Very few of us will ever be faced with a life or death survival situation, in which knowledge of how to utilize the natural world's resources could mean the difference between life and death. However, you never know when it could be you. There are many situations, when camping or hiking, when a little bush craft could make your stay more pleasant, avoid problems and conserve resources, quite apart from possibly saving your life. In the modern world, we are so used to being assured of food, shelter and luxury that it is good to remind yourself how well you could manage if all of that were suddenly no longer available. Having some basic survival skills is not only enjoyable but will keep you calm if a situation should escalate, and reassure you that, if the worst should happen, you have already armed yourself with knowledge. Together we will look at tips for common survival situations, including - Finding water - Finding food - Constructing a shelter - First aid in the wild - Signaling for help - Keeping your morale up

The Foundation of All Survival Skills is "Feeder" Mind-Set "Feeder" mind-set means being in control of a situation, proactive rather than reactive. It is an optimistic outlook that reframes any situation as a learning experience. Kevin Estela teaches survival skills from this feeder-based perspective, which is what separates his teaching style from other wilderness instructors. Kevin has written the quintessential guide for an outdoor enthusiast's "bucket list" of skills—how to make a fire, build a shelter, gather food, find water, use a knife correctly and make cordage. These skills will keep you safe and better prepare you to deal with emergencies in the field, when you'll need the additional skills of signaling and communication, navigation and crisis first aid taught in this book. Each chapter concludes with more advanced techniques to build your skills in various challenging situations, with tips that even seasoned survival enthusiasts haven't thought of. 101 Skills You Need to Survive in the Woods is not a onetime read but a lifetime reference you will turn to over and over again. It will become the first thing you pack for any adventure and just might save you—or someone else's—life. kevin estela, a bushcraft and survival expert, is an avid world traveler and martial arts instructor.

An essential guide to everything you need to stay sheltered, fed, healthy, and safe in the backcountry Organized around the six essentials of survival (shelter, water, food, fire, comfort and health, and navigation), Wilderness Survival Handbook covers 100 skills and techniques, including preserving fire, building pit shelters, toolmaking, stoneboiling cookery, and trapping and hunting animals with handmade tools and weapons. By mastering these skills, you will be able to survive with few tools or provisions in any wilderness setting—forest, plain, desert, or tundra—in nearly any part of the world.

Wilderness Survival Skills is an outdoor survival guide that utilizes the most popular and versatile tool carried by every hiker, camper and hunter: the knife. It provides you with the essential information and life-saving techniques for all survival situations, including hunting, fishing, and trapping, building a shelter, making a fire, self-defense, and carving useful tools. Each chapter presents the knife skills and activities essential for wilderness survival, including: using a knife and axe, carrying and caring for a knife, securing food with a knife, sharpening an axe, and constructing watercraft with a knife.

Having a survival kit is not enough — You must know what to do with it! An emergency can arise at anytime, and everyone from the average commuter to the risk-taking sportsman can benefit from knowing basic survival skills. Armed with the techniques in Survival Skills You Need, you will be prepared to survive. Building on the essentials presented in his first book, Build the Perfect Survival Kit, author John D. McCann details the survivor mentality required to survive common emergencies, then goes on to explain the component skill categories that you must execute to stay alive, including: • Survival kits • Knives & tools • Fire • Shelter • Water • Signaling for help • Navigating your way to safety • Food • First aid With more than 300 full-color photos, Survival Skills You Need provides clear, detailed solutions for surviving emergencies during adventure, sport and travel.
