Rich Media Communication Using Flash Professional certification Introduces you to the principles and practices of rich media design as well as Flash basics and essential tools Delves into topics and techniques, including creating designs using Flash shape tools, the essentials of layers and the Timeline, using text and symbols, and creating simple animations

Flash Professional CS6 is such a powerful program that it can seem overwhelming to new or occasional users. With Flash Professional CS6: Visual QuickStart Guide, readers get a solid grounding in the fundamentals of the most recent version of the software. Highlights include new user options for setting document properties when creating or modifying documents; new layout and options in the Publish Settings dialog; working with tabbed text in Flash's text-layout framework; copying and pasting Timeline layers. Plus, learn about new options for exporting assets created in Flash as a PNG sequence; as a sprite sheet, or as JavaScript and HTML5, via the CreateJS extension. Includes eBook and Video Access In addition to concise, step-by-step explanations of core tools and tasks, with plenty of helpful screen shots to keep you on track as you work, Flash Professional CS6: Visual QuickStart Guide includes an hour-long HD video and eBook. In addition to reading about how to use the tool, you can watch it in action. You can also download digital versions of this book to load on the mobile device of your choice so that you can continue learning whenever and wherever you are. We provide you with both the ePub and PDF to ensure that you get the experience that best suits your viewing needs.

A guide to Flash Professional CS6 offers ten lessons covering such topics as creating and editing symbols, adding animation, creating interactive navigation, working with sound and video, and publishing Flash documents.

A guide to Flash Professional CC offers ten lessons covering such topics as creating and editing symbols, animating shapes and using masks, working with sound and video, and publishing to HTML5.

Flash Professional CS5 is such a powerful program that it can seem overwhelming to new or occasional users. With Flash Professional CS5 Visual QuickStart Guide, readers get a solid grounding in the fundamentals of the most recent version of the software. Highlights include working with new-style text in the text-layout framework (practically a mini-page-layout program inside Flash), working with the new Color panel and other updated interface features, a look at the deco tool's expanded pattern set, plus creating ActionScript using Flash's improved automatic-code-completion features and code snippets.

Full-color book and video package teaches you Flash in a flash! If you want to design and maintain dynamic websites with Adobe Flash, this full-color book-and-video training package from expert instructors is the perfect place to start. Fifteen self-paced, step-by-step lessons are accompanied by video tutorials, and this powerful combination helps you master the basics, acquire essential skills, and learn what's new. Making all aspects of Flash less intimidating, this superb training tool covers topics such as using layers to build animation sequences, creating interactive web components with ActionScript, and much more. Uses full-color, step-by-step lessons in the book accompanied by videos on the DVD for a one-two punch of effective training Features five-minute videos that demonstrate and further explain the concepts in the lessons Covers Flash basics, new features in the latest release, and topics for beginners, intermediate, and advanced users Flash Professional CS6 Digital Classroom is what you need to learn how to use Adobe Flash, whether you're a designer, programmer, or hobbyist. Note: The DVD and other supplementary materials are not included as part of the e-book file. These materials are available for download upon purchase.

This project-based guide from Adobe will teach readers all they need to know to create engaging interactive content with ActionScript 3.0 for Flash Professional CS5. Using step-by-step instructions with projects that build on the knowledge acquired in each lesson, readers will learn the fundamentals of adding interactivity to Flash files using ActionScript, starting with using prewritten Code Snippets, but progressing to customizing and writing their own ActionScript code. The tutorials start with simple navigation and timeline control and progress through controlling animation with ActionScript; using Event Listeners and writing event-handling functions; and controlling loading of and interaction with data, text, video, sound, and images. Readers will also learn to use third-party libraries and create Adobe Air applications. This Classroom in a Book also covers the improved text-handling tools that are new to Flash Professional CS5. The companion CD provides users with all the sample files they need to complete all the projects. Note from the publisher: FREE Adobe Flash Professional CS5.5 updates are available for this title. Simply register your product at www.peachpit.com/register and you will receive the updates when they become available.

Adobe Flash Professional CS5 is the leading software for Web designers creating dynamic Web sites. Adobe Flash Professional CS5 Advanced for Windows and Macintosh: Visual QuickPro Guide offers the most efficient way for smart, creative, busy professionals to learn advanced Flash features. Taking the highly accessible instructional format of the popular Visual QuickStart Guides to a more advanced level, this handy guide combines a visual approach with straightforward, step-by-step instructions and screenshots and concise explanations. It emphasizes methodology and problem solving with five primary sections: animation, ActionScript, navigation, dynamic graphics and sound, and control of information, and teaches all the new features of Flash CS5, such as the Text Layout Format feature, Deco tool, Spring feature in Inverse Kinematics, and video enhancements. Note from the publisher: FREE Adobe Flash Professional CS5.5 updates are available for this title. Simply register your product at www.peachpit.com/register and you will receive the updates when they become available.
