Admitting that localised externally funded basic income experiments do not demonstrate basic income affordability, and dismissing a range of alternative mechanisms to fund BI, the authors scale back to proposing a 'partial basic income' funded by income tax which they define only vaguely and do not cost (pp 165-169), but then immediately claim that a basic income of 25% of GDP per capita is affordable (p170)!

introduction to a revolutionary socio-economic concept of the same name. The authors discuss the history of basic income from the sixteenth century onward, its variations, how and where it would work, and its pitfalls.

Basic Income: A Radical Proposal for a Free Society and a ...

Amartya Sen, Harvard University: In this important introduction to the ‘basic income’ initiative—an economic proposal that may radically transform the nature of the modern economy and society—two leading social scientists examine the ethics and economics of the proposed move. This is essential reading for anyone interested in the problems of deprivation and unfreedom that survive even in the richest countries in the world.

Basic Income: A Radical Proposal for a
Free Society and a Sane Economy does
not offer the same level of philosophical
depth as van Parijs's earlier volume, but
what it lacks in depth it more than makes
up for in breadth. Basic Income offers by
far the most comprehensive and up-to-date
discussion of UBI available today. It

*radical proposal / BIEN — Basic Income
Earth Network*

The road to a basic income for all may well be paved with unholy political alliances, but eventually it will lead to a fairer, more sustainable society. Although the aim is utopian, the means proposed in this book are pragmatic, and even, by the authors' own admission, Machiavellian. The case for basic income has become serious politics.

Free Society and a ...*

Get Free Basic Income A Radical Proposal For A

Providing a basic income to everyone, rich or poor, active or inactive, was advocated by Paine, Mill, and Galbraith but the idea was never taken seriously. Today, with the welfare state creaking, it is one of the world's most widely debated proposals. Philippe Van Parijs and Yannick Vanderborght present a comprehensive defense of this radical idea.

*Basic Income — Philippe Van Parijs,
Yannick Vanderborght ...*

Universal basic income (UBI) is a simple proposal to give every single member of a community a monthly cash grant, without asking them to opt in, and with no strings attached. The authors propose setting UBI at one quarter of GDP per capita—so in the US, each person would receive \$1,163 per month, whether they're rich or poor, working or unemployed.
