Biology For Csec Linda Atwaroo 2nd Edition

Biology for CSEC Examinations (Third Edition) A comprehensive text book which is suitable for High School Students pursuing Biology for CSEC Examinations. Author: Linda Atwaroo-Ali. \$210TTD. ORDER. PE to 16 (Second Edition) A textbook designed to equip students with introductory knowledge required for Physical Education.

Newly revised in line with the latest syllabus and with a modernised, student-friendly design, which provides additional practice for students and brings lab work to life with exciting activities and simulations.

Comprehensively explore topics and help students visualise and appreciate chemistry within the Caribbean context as they prepare for the CSEC® Examination. - Engage students with full colour design, colour photographs, clear diagrams and illustrations. - Reinforce and consolidate learning with end of chapter questions and practice exam questions. - Show relevance of Chemistry to everyday life with Caribbean and international examples. - Support SBA portion of the syllabus and offer new detailed content on metals and non-metals in the environment. - Extend learning with extra online resources for students and teachers.

A revised and rearranged fourth edition of our previously titled CXC Biology. Comprehensively covering the CSEC syllabus requirements, this full-colour edition contains carefully controlled language to make the text accessible for a wide ability range. Biology for CSEC includes questions throughout to test understanding in progressive steps and reinforces new knowledge and concepts through revision questions at the end of each chapter. This edition also incorporates many investigations throughout the text, almost all of which could be used for the assessment of practical skills, and a full apparatus list which takes into account the new guidelines on safety. A detailed contents list, a complete glossary and a comprehensive index are also included.

This Biology Workbook for CSEC is a valuable activity book for CSEC Biology students. It covers all aspects of the Caribbean Examinations Council's Certificate of Secondary Education Biology syllabus. This book provides excellent practice for the structured question from Paper 2 of the CSEC Examination and is a great aid to revision and examination practice. It has been specially written to help CSEC students maximize their exam scores.

This edition includes questions throughout to test understanding and reinforces new knowledge and concepts through structured revision questions at the end of each chapter It includes all essential practical work with structured questions and a full apparatus list, taking account of the new guidelines on safety and explains important words in a detailed glossary.

Text and illustrations relate the growth of a small seed that survives the winter cold to become a beautiful spring flower. On board pages.
