In God ' s Generals, Roberts Liardon will help you recapture God ' s glory with compelling spiritual biographies of some of the most powerful ministries to ever ignite the fires of revival. Liardon faithfully chronicles their lives in this work, along with their teachings, their spiritual discoveries, and many revealing photos. Four of God ' s Generals who you will meet include: William J. Seymour, the son of ex-slave, who turned a tiny horse table on Azusa Street, Los Angeles, into an internationally famous center of revival Aimee Semple McPherson, the glamorous and flamboyant founder of the Foursquare Church and the nation ' s first Christian radio station Smith Wigglesworth, the plumber who read no book but the Bible—and raised the dead! Kathryn Kuhlman, the beloved evangelist whose miracle-filled meetings drew millions of skeptics to faith

In many churches today, it feels as if the presence of the Holy Spirit and His vital ministry have grown old-fashioned. Congregations everywhere are void of the operation of His gifts. As a result, believers young and old long for but don t receive His work in their lives. "

Are you prepared for what is about to happen? Giants, Fallen Angels and the Return of the Nephilim will discuss Biblical prophecies of giants on the earth, the Last Days demonic plot of engineering genetic hybrids, and what all of it has to do with Israel and the Middle East. In this book, you will receive answers to these questions and more... Have tribes of giants ever walked this Earth? Why are there massive and precise " prehistoric " megalithic

structures throughout the world? Was early man a Neolithic Stone Age caveman or did he receive knowledge from other sources? Are aliens actually fallen angels? Who are the Nephilim, and are they returning to Earth? Discover how important these questions are, from both a personal and global perspective. Read this book and open your eyes to the dangers that await mankind, and humanity ' s only hope.

This book contains the essence of Gordon Lindsay's teaching on prayer, and is regarded by many in the charismatic world as a classic work on this vital subject.

Written & approved by a multidisciplinary group of content-area experts incl. rep's. of law enforcement, the prosecution, the defense, & forensic science. Eyewitnesses frequently play a vital role in uncovering the truth about a crime. The evidence they provide can be critical in identifying, charging, & convicting suspected criminals. That is why it is absolutely essential that eyewitness evidence be accurate & reliable. Chapters: initial report of the first responder; mug books & composites; interviewing the witnesses by the followup investigator; field identification procedure; & procedures for eyewitness identification of suspects.

A richly illustrated history of below-market housing in New York, from the 1920s to today A colorful portrait of the people, places, and policies that have helped make New York City livable, Affordable Housing in New York is a comprehensive, authoritative, and richly illustrated history of the city's public and middle-income housing from the 1920s to today. Plans, models, archival photos, and newly commissioned portraits of buildings and tenants by sociologist and photographer David Schalliol put the efforts of the past century into context, and the book also looks ahead to future prospects for below-market subsidized housing. A dynamic account of an evolving city, Affordable Housing in New York is essential

reading for understanding and advancing debates about how to enable future generations to call New York home.

The bestselling author of the acclaimed *House of Cards* and *The Last Tycoons* turns his spotlight on to Goldman Sachs and the controversy behind its success. From the outside, Goldman Sachs is a perfect company. The Goldman PR machine loudly declares it to be smarter, more ethical, and more profitable than all of its competitors. Behind closed doors, however, the firm constantly straddles the line between conflict of interest and legitimate deal making, wields significant influence over all levels of government, and upholds a culture of power struggles and toxic paranoia. And its clever bet against the mortgage market in 2007—unknown to its clients—may have made the financial ruin of the Great Recession worse. *Money and Power* reveals the internal schemes that have guided the bank from its founding through its remarkable windfall during the 2008 financial crisis. Through extensive research and interviews with the inside players, including current CEO Lloyd Blankfein, William Cohan constructs a nuanced, timely portrait of Goldman Sachs, the company that was too big—and too ruthless—to fail.
