~~After Alex is kidnapped by the Untainted because of her own magical powers, her father Niall must use his own magic, and enter Bedlam, to save her.~~

~~Lady Hyegyong's memoirs, which recount the chilling murder of her husband by his father, form one of the best known and most popular classics of Korean literature. From 1795 until 1805 Lady Hyegyong composed this masterpiece, depicting a court life Shakespearean in its pathos, drama, and grandeur. Presented in its social, cultural, and historical contexts, this first complete English translation opens a door into a world teeming with conflicting passions, political intrigue, and the daily preoccupations of a deeply intelligent and articulate woman. JaHyun Kim Haboush's accurate, fluid translation captures the intimate and expressive voice of this consummate storyteller. Reissued nearly twenty years after its initial publication with a new foreword by Dorothy Ko, The Memoirs of Lady Ryegyong is a unique exploration of Korean selfhood and an extraordinary example of autobiography in the premodern era.~~

~~The Matriarch of Ramunna needs an heir. Only the lost healing magic of the ancient wizards can help her conceive and bear the daughter who will ensure Ramunna's future. She sends an expedition to seek the wizards legends say still dwell somewhere far across the uncharted ocean. Tevenar hovers on the brink of disaster. Elkan, Josiah, and the rest of the Wizard's Guild battle a virulent wheat blight, but even the Mother's power might not be enough to prevent a deadly famine. Two lands, separated for a millennium by divine decree. Each holds the key to the other's survival. But in order to strike the bargain that could save them both, they'll have to persuade the Mother herself to change her Law and end the isolation that has protected Tevenar for centuries.~~

~~In many of the world's religions, both polytheistic and monotheistic, a seemingly enigmatic and paradoxical image is found--that of the god who worships. Various interpretations of this seeming paradox have been advanced. Some suggest that it represents sacrifice to a higher deity. Proponents of anthropomorphic projection say that the gods are just 'big people' and that images of human religious action are simply projected onto the deities. However, such explanations do not do justice to the complexity and diversity of this phenomenon. In Religion of the Gods, Kimberley C. Patton uses a comparative approach to take up anew a longstanding challenge in ancient Greek religious iconography: why are the Olympian gods depicted on classical pottery making libations? The sacrificing gods in ancient Greece are compared to gods who perform rituals in six other religious traditions: the Vedic gods, the heterodox god Zurvan of early Zoroastrianism, the Old Norse god Odin, the Christian God and Christ, the God of Judaism, and Islam's Allah. Patton examines the comparative evidence from a cultural and historical perspective, uncovering deep structural resonances while also revealing crucial differences. Instead of looking for invisible recipients or lost myths, Patton proposes the new category of "divine reflexivity." Divinely performed ritual is a self-reflexive, self-expressive action that signals the origin of ritual in the divine and not the human realm. Above all, divine ritual is generative, both instigating and inspiring human religious activity. The religion practiced by the gods is both like and unlike human religious action. Seen from within the religious tradition, gods are not "big people," but other than human. Human ritual is directed outward to a divine being, but the gods practice ritual on their own behalf. "Cultic time," the symbiotic performance of ritual both in heaven and on earth, collapses the distinction between cult and theology each time ritual is performed. Offering the first comprehensive study and a new theory of this fascinating phenomenon, Religion of the Gods is a significant contribution to the fields of classics and comparative religion. Patton shows that the god who performs religious action is not an anomaly, but holds a meaningful place in the category of ritual and points to a phenomenologically universal structure within religion itself.~~

~~This book is the study journal for a 5-part, once-a-week or intensive weekend retreat, set of Bible study sessions developed for Christian women.~~
