Published in 2014 with a new preface by the author. Originally published in hardcover in 2003 by Marlowe & Company.

He is darkness. She wants him dead. In a city starved of light, she might just succeed. She moves like a shadow; she kills silently: Raven. This elegant assassin has been on the run for years. This time though, she has picked the wrong target. The hitman known only as 'Victor' is as paranoid as he is merciless, and is no stranger to being hunted. He tracks his would-be killer across the globe, aiming not only to neutralise the threat, but to discover who wants him dead. The trail leads to New York... And then the lights go out. Over twelve hours of unremitting darkness, Manhattan dissolves into chaos. Amid looting, conspiracy and blackout, Victor and Raven play a vicious game of cat and mouse that the city will never forget.

Beth and Darren are two researchers who are sent to determine the possible value in deserted mines. They have done this a hundred times before, and know they will do it a hundred times again. Or will they? Their innocent trespass into Site 184 is the catalyst to a series of events that is both unexplainable and fascinating. It marks the fierce struggle against time, space and life.

The Thing about Roy Fisher is the first critical book to be dedicated to the work of this outstanding poet, who has won many admirers for his explorations of the modern city, his experiments with perception and sensory experience, his jazz-inspired prose, and his political and cultural comedies. The collection brings together a distinguished group of contributors : poets and critics, from several generations, active on both sides of the Atlantic. In a dozen newly commissioned essays they discuss the entire range of Roy Fisher's work, from its fraught beginnings in the 1950s through such major texts of the 1960s and 1970s as *City*, *The Ship's Orchestra* and *Wonders of Obligation*, to *A Furnace*, his 1980s masterpiece, and beyond. The essays are closely engaged with the fabric of Fisher's verse, but they also bring into view a fascinating array of connections between contemporary poetry and philosophy, psychology; the visual arts and jazz. The Thing about Roy Fisher ends with a full and up-to-date bibliography; an essential starting point for further study of this versatile and complex writer, whose centrality and importance within modern English and European poetry is now more than ever apparent. Kerrigan and Robinson's collection provides a helpful introduction to Roy Fisher's work, and will be necessary reading for anyone with a live interest in modern poetry.
