What has happened to America? It's no longer the country of our founding. Why? In a word... we've lost God. Our Founding Fathers established one nation under God. They declared that our rights came from God. They appealed to the Creator, the Almighty, the Supreme Being, for his guidance and protection. They understood that religion is essential to a free society (and to its government), not something to be separated from it. But the secularists have transformed America. They have banished God. And so they have gutted America of the very core, the foundation, the essence, of what made it America. You know it's true. You see it all around you. But how do you know? In *In Their Own Words*, Judge Boonstra shows you what your gut instinctively is telling you. He reveals not only who our Founding Fathers were, and what they believed, but he brings it to light *In Their Own Words*. And he then contrasts what our Founding Fathers said with real-world examples of what is happening today in America. So, don't take his word for it. Take the words of our Founding Fathers themselves. And then ask yourself: What Would Our Founding Fathers Think (of today's God-less America)? *America*, it's time to decide.
Included in Volume II: Benjamin Franklin Gouverneur Morris John Witherspoon Benjamin Rush and so many more ... The Honorable Mark T. Boonstra is a highly respected jurist who has served since 2012 as a Judge of the Michigan Court of Appeals. From 2015-2017, he concurrently served as a Judge of the Michigan Court of Claims, where the trial court matters over which he presided included cases arising out of the Flint Water Crisis. He is blessed to have at his side Martha Mary (Rabaut) Boonstra, who is both a nurse and the general counsel of a large health system, and whose grandfather, Congressman Louis C. Rabaut, authored the "Under God" amendment to the Pledge of Allegiance.

Hereinater is my book New word the work unique by its contents and in essence. This is a book of prediction. Years beforehand, I described all those necessary expected political events or natural phenomenon related to the whole world. Most of them have already precisley come true, some of them are now being fulfilled and the rest will come true in future. This is a live cosmic information, new word, that I, Georgian prophet Lela Kakulia, pronounce by Gods will. I was sent to the earth in order to let countries, states, particular politicians or humankind in general know their future. By this means cosmos gave a chance to the universe to soften destined blows and avoid destruction. I predict all my life, from birth, and will predict till I am on the earth. A prophet is sent by cosmos once in few centuries when the earth faces a special danger, when it is on the edge of the existence. I, Geogian prophet, am sent with the mission to save the world. I bring enormous, protecting energy for people and contries and hand it out with no regret. I often drawcosmis information and my drawings are the source of colossal energy, that full people with hope and peace. This is the book that would live for ages and give answer to peoples any question. No one on earth owns such information neither particular individual nor analytical centres. My prediction has no analogue and thus is unique. With respect and love, Georgian prophet Lela Kakulia.

The sixteen-volume *Handbook of Middle American Indians*, completed in 1976, has been acclaimed the world over as the single most valuable resource ever produced for those involved in the study of Mesoamerica. When it was determined in 1978 that the *Handbook* should be updated periodically, well-known cultural anthropologist Victoria Reiffer Bricker was selected to be general editor.

This second volume of the *Supplement* is devoted to Mesoamerican languages. It differs in both scope and content from its forerunner, Volume 5 of the *Handbook of Middle American Indians*: Linguistics, which presents a general survey of Middle American linguistics and descriptions of Classical Nahuatl, Yucatec, Quiche, Popoluca, Zapotec, Mazatec, Pame, and Chontal de Oaxaca.

The aim of the present volume is to provide detailed sketches of five additional languages: Mixe, Chichimeco Jonaz, Cholti, Tarascan, and Huastec. All the grammatical sketches deal with the phonology, morphology, and syntax of the languages treated; most cover discourse as well. Taken together, these new essays represent a substantial enrichment of the earlier *Handbook* volume on linguistics. Alone, the *Supplement* stands as an invaluable reference guide for all who are interested in learning about these important and heretofore poorly treated languages of Middle America.
