One of the most critical skills that occupational therapists must learn is effective documentation. With that idea in mind, *Documentation Manual for Occupational Therapy: Writing SOAP Notes, Fourth Edition* presents a systematic approach to a standard form of health care documentation: the SOAP note. The clinical reasoning skills underlying SOAP note documentation can be adapted to fit the written or electronic documentation requirements of nearly any occupational therapy practice setting. This new Fourth Edition has been updated to reflect current information essential to contemporary occupational therapy practice, including the AOTA's Occupational Therapy Practice Framework: Domain & Process, Third Edition. *Documentation Manual for Occupational Therapy, Fourth Edition* also includes the COAST method, a specific format for writing occupation-based goals. Crystal Gateley and Sherry Borcharding use a "how-to" strategy by breaking up the documentation process into a step-by-step sequence. Numerous worksheets are provided to practice each individual skill as well as the entire SOAP note process. In addition, examples from a variety of practice settings are included as a reference. Although this text addresses documentation in occupational therapy practice, the concepts can be generalized across other health care disciplines as well. New in the Fourth Edition: The chapter focusing on reimbursement, legal, and ethical considerations has been vastly expanded to provide an overview of sources of reimbursement, regulatory guidelines, and legal and ethical issues. A new chapter focusing on electronic documentation has been added to illustrate how the concepts presented in this text can be used in various electronic documentation software products. Faculty will have access to 12 videos that can be used for instructional purposes and documentation practice. This edition includes an expanded Instructor's Manual with sample quiz questions for several of the chapters, templates and grading rubrics for documentation assignments, and other instructional resources. Instructors in educational settings can visit www.efacultyounge.com for additional material to be used for teaching in the classroom. *Documentation Manual for Occupational Therapy: Writing SOAP Notes, Fourth Edition* presents essential documentation skills that all occupational therapy clinicians, faculty, and students will find critical for assessing, treating, and offering the best evidence available for their clients.

Rev. ed. of: *Documentation manual for writing SOAP notes in occupational therapy* / Sherry Borcharding. 2nd ed. c2005.

This exciting new manual presents a systematic approach to writing one form of documentation, the SOAP note. The purpose of this text is to teach readers to write SOAP notes that will be reimbursable under Medicare, Part B, and managed care. With the current changes in healthcare, documentation of patient care is essential to meet standards for reimbursement of services. SOAP notes prepare students for real-world clinical practice, effectively teaching the mechanics of writing problem statements and goals, and addressing documentation in different stages of treatment and practice settings. The author walks the reader through each step of the documentation process, effectively teaching the mechanics of writing problem statements and goals and addressing documentation in different stages of treatment and practice settings. Written in a manual format, this book provides the reader with: A step-by-step “how to” approach to documenting the occupational therapy process. Skills broken down into small steps and taught individually. A format or “template” for writing problems, goals, and each section of the SOAP note. A list of common abbreviations and symbols used in documentation. Examples of notes from many practice areas and stages of the documentation process. Worksheets that provide quick checklist and summary that can be carried into clinical situations to remind the reader of the essential requirements for SOAP notes. *Documentation Manual for Writing SOAP Notes in Occupational Therapy* is the only manual that teaches a skill focusing on the specific requirements of OT application, and then provides the opportunity for practice with exercises and examples presented throughout the book.

Rely on the guide that has helped thousands of students pass their exams with exactly the practice they need. The 4th Edition mirrors the latest NBCOT exam blueprint and the question formats—multiple-choice and simulation at the difficulty level and in the decision-making style of the actual exam. More than 1,000 questions in five practice exams help you identify your strengths and weaknesses while you improve your test-taking performance.

Master the hows and whys of documentation! This is the ideal resource for any health care professional needing to learn or improve their skills—with simple, straight forward explanations of the hows and whys of documentation. It also keeps pace with the changes in Physical Therapy practice today, emphasizing the Patient/Client Management and WHO's ICF model.
