Are you young, eager, smart, and heading off to LA to make it big in the entertainment business? Time for a reality check: Leave your diploma at home, put your grandiose dreams on hold (where hopefully they'll get tired and hang up), and start by repeating the first rule of the industry: Who you work for is more important than who you are. Then leapfrog over everyone else by reading *The Hollywood Assistants Handbook*. Written by two very sharp and successful assistants to HPPs (Hollywood Power Players), here are 86 lessons packed with a combination of blunt truth, insider humor, and juicy secrets that explain the unwritten rules of how to get a foot in the door and make all the right moves as you climb to the top. Here are the minimum-wage jobs that will put you in the path of HPPs. An annotated resume roundup. The clubs to frequent and the cocktails to order. Movies to watch and books to read (it's called homework). Dressing do's and don'ts. How to get on the Free List. A lineup of boss genres—the Horror Show, the Romantic Comedy, Mr. Action—and how to dodge the tirades that will soon be hurled your way, along with the proper outlets for venting. Plus, the ins and outs of your most important tool, the telephone—when to listen in (always!), who to put through and who to put off, and your new best friend forever, the Plantronics CS70 cordless headset. With its hilariously snarky tone—the gate-keeping quiz is "How to Tell if You're a Moron Who Should Pack Up the Corolla and Move Back Home"—*The Hollywood Assistants Handbook* is as baldly entertaining for everyone who loves reading about Hollywood as it is indispensably practical for the job-seeker.

Waking up knee-deep in the San Francisco Bay with no memory of her past, Lucie learns that she has a rare form of amnesia and reunites with a loving fiancé she does not recognize only to discover unsettling truths about her own personality, findings that are complicated by unsettling changes in her fiancé's feelings. By the author of *When She Flew*.

Enter the dark realm of Nocturna in Jeaniene Frost's redhot tale, where blisteringly sexy Raphael dominates the demons of a lawless dimension and tries to help a beautiful young woman avenge her cousin's disappearance.

Onesimus is a slave. Eirene is a rich merchant's daughter. Onesimus longs to gain his freedom and Eirene's love. However, he doesn't realize where true freedom lies. He wants nothing to do with Jesus Christ. His master, Philemon, may follow the teachings of the Christ and his apostle Paul... but Onesimus has other plans.

While attending a school reunion, bestselling author Cassidy Lane reconnects with a former classmate, and enters a fairy-tale romance that causes her to contemplate changing the usual end to her female protagonist's romantic fortune.

Fourteen-year-old Rooney loves hip-hop almost as much as she loves her grandmother. She cannot wait to compete in her school's dance competition. But as her grandmother's health deteriorates, Rooney becomes more and more reluctant to visit her in the care home. These feelings of guilt and frustration cause Rooney to mess things up with her hip-hop dance partner and best friend, Kira. But while doing some volunteer hours in the hospital geriatric ward, Rooney meets an active senior recovering from a bad fall. Their shared love of dance and the woman's zest for life help Rooney face her fears, make amends with Kira and reconnect with Gram before it's too late.

One hundred of the most evocative modern poems on joy, selected by an award-winning contemporary poet "Bursting with energy and surprising locutions. . . . Even the most familiar poets seem somehow new within the context of Joy."--David Skeel, Wall Street Journal "Wiman takes readers through the ostensible ordinariness of life and reveals the extraordinary."--Adrianna Smith, The Atlantic Christian Wiman, a poet known for his meditations on mortality, has long been fascinated by joy and by its relative absence in modern literature. Why is joy so resistant to language? How has it become so suspect in our times? Manipulated by advertisers, religious leaders, and politicians, joy can seem disquieting, even offensive. How does one speak of joy amid such ubiquitous injustice and suffering in the world? In this revelatory anthology, Wiman takes readers on a profound and surprising journey through some of the most underexplored terrain in contemporary life. Rather than define joy for readers, he wants them to experience it. Ranging from Emily Dickinson to Mahmoud Darwish and from Sylvia Plath to Wendell Berry, he brings together diverse and provocative works as a kind of counter to the old, modernist maxim "light writes white"--no agony, no art. His rich selections awaken us to the essential role joy plays in human life.
