The Spaces In Between

This book describes how such mechanisms can spiral beyond control, and how regaining that control can be a long bumpy journey step by step - one foot in front of the other. The honesty and elegance in the writing makes *The Spaces In Between* a touching and insightful read.

spacing vary among languages, and in some languages the spacing rules are complex. Typesetting uses spaces of varying length for specific purposes. The typewriter, on the other hand, can accommodate only a limited number of keys. Most typewriters have only one width of space, obtained by pressing the space bar. Following widespread acceptance of the typewriter,
