acclaimed Egyptologist Joyce Tyldesley guides us through 3000 years of changing stories and, in retelling them, shows us what they mean. Gathered from pyramid friezes, archaeological finds and contemporary documents, these vivid and strange stories explain everything from why the Nile flooded every year to their beliefs about what exactly happened after death and shed fascinating light on what life was like for both rich and poor. Lavishly illustrated with colour pictures, maps and family trees, helpful glossaries explaining all the major gods and timelines of the Pharaohs and most importantly packed with unforgettable stories, this book offers the perfect introduction to Egyptian history and civilization.

mummification, to serve as a guide through the dreaded Land of the Dead? In this fresh and imaginative approach to nonfiction, the first title in the Secrets of the Ancient Gods series, Anubis steers the reader through the Egyptian dark lands. Along the way, they meet fearsome gods and gruesome monsters. And they witness the battle of the gods against Apophis, the giant demon-snake trying to devour the world. With ghoulish humor and lots of attitude (he is a god, after all), Anubis introduces readers to ancient Egyptian beliefs and rituals—including the secrets of mummification—with panache and, if he does say so himself, drop-dead humor. Includes glossary, bibliography, and index.

the modern imagination. Now, in *Egyptian Mythology*, Geraldine Pinch offers a comprehensive introduction that untangles the mystery of Egyptian Myth. Spanning Ancient Egyptian culture--from 3200 BC to AD 400--Pinch opens a door to this hidden world and casts light on its often misunderstood belief system. She discusses the nature of myths and the history of Egypt, from the predynastic to the postpharaonic period. She explains how Egyptian culture developed around the flooding of the Nile, or the "inundation," a phenomenon on which the whole welfare of the country depended, and how aspects of the inundation were personified as deities. She explains that the usually cloudless skies made for a preoccupation with the stars and planets. Indeed, much early Egyptian mythology may have developed

to explain the movement of these celestial bodies. She provides a timeline covering the seven stages in the mythical history of Egypt and outlining the major events of each stage, such as the reign of the sun God. A substantial A to Z section covers the principal themes and concepts of Egyptian mythology as well as the most important deities, demons, and other characters. For anyone who wants to know about Anubis, the terrifying canine god who presided over the mummification of bodies and guarded burials, or Hathor, the golden goddess who helped women to give birth and the dead to be reborn, or an explanation of the Nun, the primeval ocean from which all life came, Egyptian Mythology is the place to look.
